

TSCN Evaluation

Who is responsible for what? What is needed to move forward?

Alexis Kaminsky, Kaminsky Consulting, LLC

Leslie Goodyear, Tracy McMahon, EDC

Implementation questions

1. What unique challenges and opportunities emerge when setting up local cafes and how are they addressed?
2. How do local strengths and particularities shape the expression of key café components in practice?
3. How has the support, resources and technical assistance provided through the national network and CoP met local needs?
4. What processes and practices have been used to facilitate communication and management across participating sites? How effective have these efforts been and how can they be improved?
5. What support, resources, and technologies have been provided to partners to help them establish and implement local cafes? What has been fruitful and what has fallen short?

Outcomes questions

1. Do local adaptations of café practices coupled with commitment to key principles yield **similar outcomes for public and professional audiences across sites?**
2. How does membership and participation in CoP and national network facilitate local sustainability?
3. What can models of fidelity to program principles (as opposed to fidelity to specific program practices) inform ISE scale up initiatives?

Data Collection

- National:
 - Interaction Survey
 - Case Studies
 - PI/Project Coordinator Survey
 - Archival / Document Review
- Local:
 - Interaction Survey
 - Teen Survey
 - Focus Groups (youth leaders, presenters, ISE staff & partners)

Who's Responsible for What?

Local Node Evaluators

- Administer teen survey developed by national evaluators
- Conduct focus groups with teen leaders, presenters, and local ISE staff
- Administer local interaction survey to partner organizations
- (input and conversation is welcomed)

National Evaluators

- Instrument development
- Administer network level interaction survey
- Plan and conduct case studies (coordinate with locals)
- Administer PI/project coordinator survey
- Review archival and network documentation
- Analyze data from all surveys and focus groups

The Teen Survey

We realize we need to get this out ASAP, so we need administration information from all nodes

1. When would you administer Teen Survey?
2. To how many sites?
3. Paper/pencil or electronic?

We will be following up individually in the next week to arrange implementation

Next Steps/Timeline for Spring

- We will be in touch individually in the next week
- Teen survey draft will be ready to go asap
- Interaction survey's nearly ready to go, but will follow teen survey
- Set up quarterly evaluator call for updates and such; may need calls more often during data collection times
- New Google group for evaluators (set up by Michelle)

Comments/questions?

- THANK YOU!
